SET incl. contacts M23 Signal Appliance coupler, solder insert straight

Technical data

Type:	Appliance coupler, solder insert
Series:	M23 Signal
Design:	Pin with knurled nut
Type:	straight
Size:	Rear wall
Solder contact:	17.0 mm
Connection technology:	Solder-in connection
Number of poles:	9-pole 1/8
Coding:	N,S,H,X,Y
Coding direction:	clockwise (standard)
Connection thread:	M23x1
Locking type:	Screw lock
Rated voltage:	
Power contact:	200V
Control contact:	200V
Rated current:	
Power contact:	20A
Control contact:	8A
Flange:	30.0x30.0mm
Mounting thread:	M3x0.5
Mounting cut-out:	
Diameter:	18.0 mm
Width across flats:	SW24
Material:	
Housing:	Brass (CuZn)
Housing surface:	nickel-plated
Contact:	Brass (CuZn)
Contact surface:	nickel-plated with gold plating (Au)
